

WHO[®]
We Help Ourselves

**EMPOWERING CHILDREN AND ADOLESCENTS
TO PROTECT THEMSELVES AND THEIR MINDS**

THE WHO[®] PROGRAM

FOR YOUTH MENTAL HEALTH

ABOUT US

WHO WE ARE

Mental Health America of Greater Dallas (MHA Dallas) is a 501(c)(3) non-profit organization working to promote mental wellness through community education and policy advocacy. Put simply, MHA Dallas serves as a catalyst to identify, assess, and respond to mental health needs in the community.

OUR MISSION

THE WHO PROGRAM

We are committed to empowering youth to stay safe and happy and make good decisions based on knowledge and a strong internal value system – educating them to know what to do and who to tell in dangerous situations.

WHO is a series of research-based curricula that are formed on sensitive, non-threatening content and methodology. Since 1981, the WHO Program has allowed school counselors, child advocates, nurses, teachers, case workers, and volunteers to present WHO in classroom or group settings for ages PreK-12th grades. Follow-up activities and evaluation instruments are also included in WHO Program materials.
